Importance: High

As you know, we were able to stop the foreclosure action on the property today.

The next step is to sign the term sheet and forward the required funds to begin due diligence on acquiring the \$25,000,000 first trust.

For both the filing of the BK and the due diligence funds, we need \$57,000. We have received from 5 co-owners \$37,000, so need an additional \$20,000 quickly.

Several of you had indicated your willingness to contribute to the potential extension fees to G8 last week, with far greater cash needs. Please help build this fund so we can keep going towards the refinance.

We are including wiring instructions here again.

thanks, Rick
